PRACTICAL KNOWLEDGE FOR STUDENTS

A unique international congress in Split, Croatia for medical, dental and pharmacy students with the aim of improving the most important practical knowledge required for their future careers.

HOW DID **PKS** DO IN THE PAST?

Participants from 27 countries and 34 nationalities had the opportunity to enjoy more than 160 workshops, lectures, networking events, scientific sessions and much more at the annual International Congress "Practical Knowledge for Students" in Split, Croatia. Also, we had the honour of hosting 2 Nobel Laureates. Apart from the congress program, many networking events, collaboration meetings and trips around the beautiful Dalmatian coastline made the whole experience a truly unforgettable one!

3 years of improving practical knowledge

160+ workshops, lectures, networking and other events

2 Nobel Prize winners

1000+ participants

International event

27 Countries

Under the auspices of:

WHAT TO EXPECT FROM **PKS** IN THE FUTURE?

At future iterations of the International Congress "Practical Knowledge for Students", you can expect an even better quality program lasting four days at the University of Split School of Medicine. We hope to see you attending this unique event in Split, where alongside quality education through many workshops and lectures from world-renowned speakers you will be able to relax and socialize with students and professors from all around the world in the beautiful city under the Marjan hill and the gorgeous islands and landscape around.
